

Tárgy: Állásajánlat - Joyson Safety Systems Hungary Kft.

**WE OFFER A WIDE VARIETY OF OPPORTUNITIES FOR YOU
TO START YOUR CAREER WITH US**

Dear Student!

Choose **Joyson Safety Systems Hungary Kft.**, a member of one of the world's leading automotive suppliers. We take highly of participating in the training of the employees of the future, therefore, in close cooperation with the University of Miskolc, we provide an opportunity for the students of the university to join the Joyson team.

We are looking for a new colleague to fill the
Application Engineer
position

What awaits you in this position?

- In the field of **Research & Development**, no days are the same due to the variety of tasks.
- You can use your foreign language skills every day **in our multicultural teams**.
- You can liaise with **premium car manufacturers**.
- You can participate in **prototype development**.
- You can work with a **home office** option in a flexible work schedule.
- You can perform your tasks in a modern, clean working environment using **modern technology**.
- We value your work and appreciate it by offering a competitive salary. We also have an idea management and employee referral bonus system.

- With your valuable work, you also contribute to road safety: the work done by Joyson employees contributes greatly to the safety of road users. We save lives with our products.

Your Activities:

- Responsible for the technical content during the Application development,
- Maintain continuous contact with external and internal development partners to ensure the successful implementation of projects and developments,
- Presenting the progress of development processes at internal “design review” meetings and monitor internal project milestones,
- Define the appropriate development contents, objectives, evaluate and document the test results for the successful completion of the project.

Your Prerequisites:

- Engineering degree in Mechanical or Electrical Engineering
- Experience in the field of development is an advantage, but also beginners are welcome
- Fluent English; German, French or other language skills are an advantage
- Good communication skills, innovative thinking, excellent analytical skills, ability to manage multiple goals and deadlines
- Ability to work independently as well as in a team; willingness to travel

We offer individual support and work on equal terms! We make sure you are part of the world of Joyson Safety Systems from day one! **We're counting on you! Apply now!**

Please submit your Hungarian & English job application to our Senior HR Specialist, Gabriella Maton, who will be available to answer any questions.
